Some controversial points in regard to the liability for maintenance of the new boundaries which it may take some time to settle. It is true that the attitude of the Municipal Council is by no means reasonable in many respects but my point is whether by passing this Loan the resources of the Municipal Council will be affected in such a way as to interfere with their other important obligations. The Canning of the road will remove the amount on repairs and this may to some extent meet the interest and sinking fund. I am therefore in favour of passing this Loan without messing it up with the other problem though when that comes for decision it must be made clear that it should be treated as a business proposition consistently with the General Policy

Request of the Bangalore City Municipal Council for a loan of Rs 1,00,000 for tarring the roads in the City.

64

These papers relate to the grant of a loan of Rs 1,00,000 to the Bangalore City Municipal Council for tarring the roads in the City.

In May 1930 the Bangalore City Municipal Council resolved that Government be requested to grant a loan of one lakh of rupees at a minimum rate of interest to tar the roads. The Municipal Council was informed in July 1930 that Government have no objection to grant the loan subject to (1) interest being paid at 6 per cent per annum; (2) the principal being repaid in 5 or 6 years and (3) a specific item of revenue being earmarked for the payment of interest and principal in annual equated instalments.

The Municipal Council at its meeting on 25th October 1930 resolved to agree to discharge the loan in 10 years at the rate proposed by Government and to earmark half the revenue from taxes on vehicles for the liquidation of the loan.

The matter was considered in Council on 9th February 1931 and in accordance with the understanding arrived there at, the Municipal Council was informed that Government will consider the request after the question of the contribution by the Municipal Council towards the cost of operation and maintenance of the New Water Supply Scheme is settled

The Municipal Council now urge that the loan asked for be sanctioned at once in view of the utterly unsatisfactory conditions of the roads apart from the question of contribution by the Municipal Council towards the cost of the New Water Supply.

The President of the Municipal Council saw me about this matter and I recorded the following minute on 28th March 1931:-

"There seem to be some controversial points in regard to the liability for maintenance of the New Water Works which it may take some time to settle. It is true that the attitude of the Municipal Council is by no means reasonable in many respects. The only point is whether by granting this loan the resources of the Municipal Council will be affected in such a way as to interfere with their other important obligations. The tarring of the roads will reduce the amount on repairs and this may to some extent meet the interest and sinking fund. I am therefore in favour of granting this loan without mixing it up with the other question though when that comes for decision it must be made clear that it should be treated as a business proposition consistently with the general policy".

The Dewan and the Members of Council agree with me.

The grant of a loan of Rs 1,00,000 to the Bangalore City Municipal Council may be graciously approved.

Sir,

With reference to your letter No.759/Ml.358-29-2 dated 19th July 1930, requesting the opinion of the Municipal Council in accepting the marginally noted 3 conditions

1. That interest should be paid at 6% per annum.

3. That a specific item of revenue should be earmarked for the payment of interest and principal in annual equated instalments.

} regarding raising of a loan of a lakh of rupees for tarring roads in the City, I have the honour to state that the subject was referred to the Municipal Council, with a note thereon (copy enclosed) who at their meeting held on 23-3-1930 referred the question to the Managing Committee for consideration.

The Managing Committee at its meeting held on 5th September 1930 has resolved that the term of the loan be 10 years instead of 6 years and half the revenue of taxes on vehicles and animals be earmarked for the liquidation of the loan. The other conditions of paying 6% interest per annum has also been accepted.

Item No.1. Interest at 6% appears to be reasonable and may be accepted.

" 2. The period of 6 years may be accepted.

" 3. As the sum of Rs. 1,00,000 has to be repaid in 6 equated instalments with interest at 6% per annum, the amount which the Municipal Council has to pay every year (Principal and interest) works out to Rs.20,336/- (Vide annexure C. of the Mysore Civil Account Code Vol. 1 page 178.).

## M e m o.

The financial position of the City Municipality at the close of the official year 1929-30 was as follows:-

| | | |
|---|---|---|
| Opening balance for 1929-30. | | Rs. 1,86,097 |
| Add receipts during -do- | | " 13,03,200 |
| | Total Rs. | Rs. 14,89,297 |
| Deduct expenditure for 29-30. | | Rs. 1319,904 |
| Closing balance..for 29-30 | | 1,69,395. |

Amount in Fixed Deposit.:-

| | | |
|---|---|---|
| F.D.R. | Rs. 52,750 | |
| Loan bond. | 1,00,000 | |
| -do- | 37,500 | |
| Total Rs... | 1;90,250 | 1,90,250 |
| | Grand Total | Rs.3,59,645 |

From the above it will beseen that the closing balance in current account in the Mysore Bank and Treasuries is Rs.1,69,395/- against the anticipated closing balance of Rs.80,167/-. This is due to lapses under City Improvement works and to not incurring expenditure under certain works noted below as estimates thereof were not sanctioned by Government before the close of the year 29-30 No provision has been made in the current year's budget in respect of those works, as in the month of February when the draft budget was framed, it was thought that the works in question would be completed by the end of last official year alone. Since the provision made in respect of these works in the budget for last year has not been utilised the closing balance has swelled to Rs.1,69,395.

The estimates have since been sanctioned by Government and the works have to be taken up and completed during the current year for which provision has to be made from the opening balance.

City Improvement Works:-

1. Laying of New Bamboo Bazaar....Rs.522/-
2 Construction of Interior stalls. 2,144/-
3. Covering the main drain..... 1,700/-
4. Construction of storied shops. 7,000/-
5. extension of market frontage. 23,000/-

| | |
|---|---|
| 6. Construction of shops in Doddapet... | Rs. 10,000/- |
| 7. Construction of shops on the main drin. | 6,500/- |
| 8. Miscellaneous works. | 4,000/- |
| 9. Establishment charges.. | 1,000/- |
| 10. Miscellaneous incomplete works for the last year. | 2,800/- |
| | 58,666/- |
| Deduct amount provided in the current year's budget. | 15,000/- |
| Balance available. | Rs.43,666 |

| | |
|---|---|
| 11. Construction payable for the construction of Maternity Hospital. | 25,000/ - |
| 12. Sewage pipe line near Maharaja Mills (Rs. 11,500 - payable by the Mill authorities have been received on 27-6-1930 and held in deposit.) | 23,500/- |
| 13. Medical ~~xxxxxxxxxx~~contribution. | 6,500/- |
| Net amount required ..... | Rs. 98,666/-. |

A sum of Rs. 98,666/- has therefore to be provided for the above works out of the closing balance of Rs.1,69,395/ The balance then left would be Rs. 1,69,395/- minus ~~Rxxx70,729~~ Rs. 98,666/- or Rs.70,729 which would be the closing balance for the current year.

The question of sanctioning a sum of Rs.98,666/- from the opening balance for the works detailed above may kindly be referred to the Municipal Council.

S i r,

With reference to your letter No. L. 8685/Ml.182-30-5 dated 24th April 1931 asking for a list of roads that will be selected for tarring, I have the honor to enclose herein an exhaustive list showing 25 roads proposed to be -- taken up for tarring. Out of this list the Municipal Council at their meeting held on 20th December 1930 have resolved that 14 roads from 1 to 14 have to be tarred and the question of tarring the remaining 11 roads has been placed for consideration at the next Council meeting.

Since the order in which the roads should be taken up for tarring has not been decided, the Municipal Engineer and myself think the order given in the statement may with advantage from a traffic and economic point of view be adopted.

It may be stated that Sri Narasimharaja Road, Kemmangundi Road, Sultanpet Road and Lal Bagh Road are ready to be taken up immediately.

I have the honour to be,
Sir,
Your most obedient servant,
